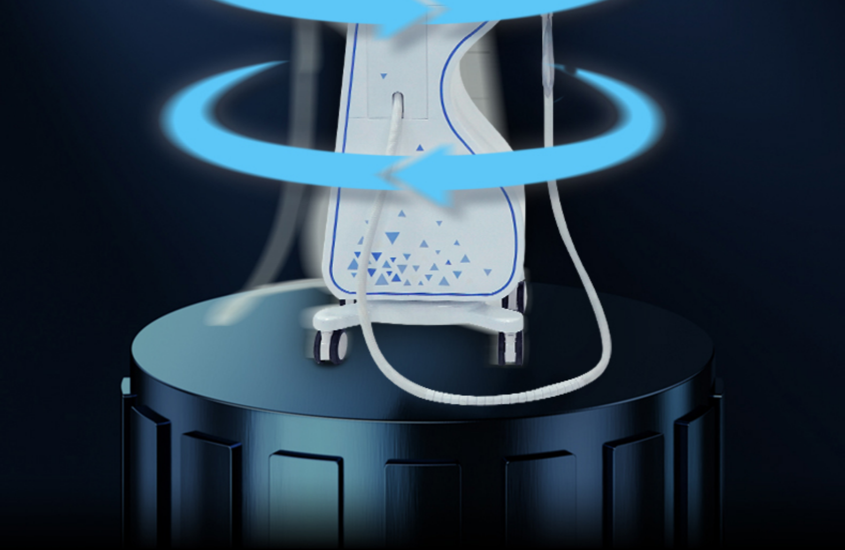
SIMPLE SAFE ENJOY

TELEVA

360 degree bidirectional rotation

No need to drag, easily rotate various angles
Rotating without winding, the operation is more convenient



TELEVA

Extended double-section wishbone

Multi-angle flexible adjustment
Stable load screen, no shaking, long-term use without bowing

Rotate the screen
360 degrees

Horizontal and vertical
screen switching
±180° rotation

Share screen
±90° rotation

Painless Freezing Hair Removal

12*36mm² large cool area, no pain and no skin damage.

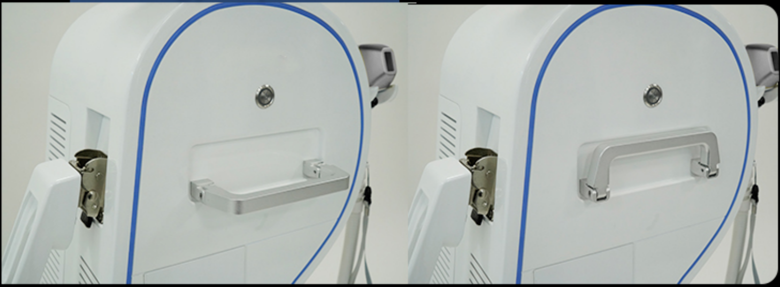
The handle is small and lightweight, weighing as low as 350g

Just One minute! Quick cooling down to -29℃

Ingenious production
Focus on details

Folding handle bracket

Folding push-pull handle



Cool glow equivalent

Product Information

Device Name	TELEVA Diode Laser Machine
Model Number	TELEVA Diode Laser
Wavelength	755+808+1064nm Technology
Screen size	14 inch 4K Style touch screen
Lifetime	50 Million shots
Pulse Duration	10-300ms
Laser Bar	120w for each one , America Coherent Laser Bar
Frequency	1-10hz
Spot size	12x36mm Spot Size
Energy	1-150J
Cooling System	Compressor+ Water circulation
Power Of Machine	3500W
Voltage	AC110V 60HZ/AC220V 50HZ
Demension of machine	1300mm*480mm*400mm
Package	Aluminum box
Warranty	2 years for machine , 1 year for handle

Handle Display

Two colors, two spot sizes are optional

350g lightweight **handle**, more ergonomic

Available in **black or white**

1800w
spot size:12*36

1200w
spot size:12*24

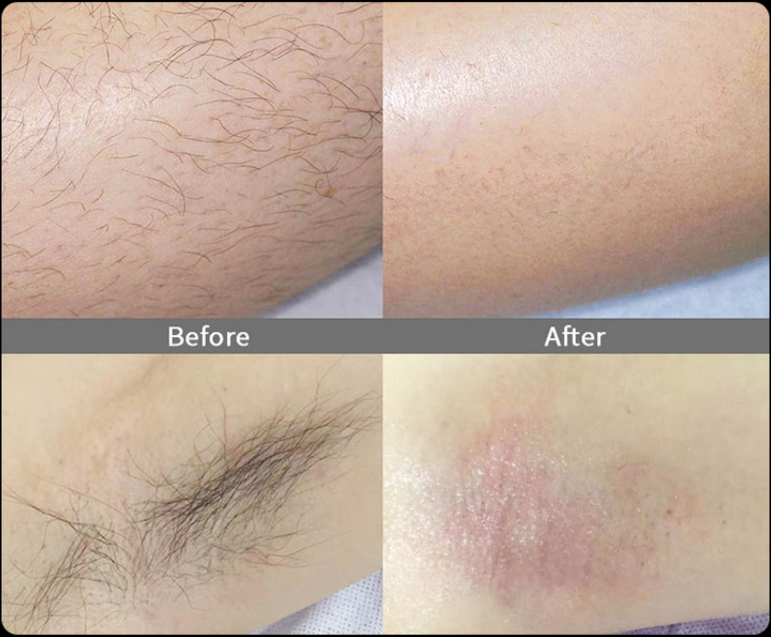
1800w
spot size:12*36

1200w
spot size:12*24

Suitable for any unwanted hair on areas like face,arms,armpits,chest,back,bikini,legs...

The real experience is visible

Through live test verification ,safe ,long,painless and effective



Redefine hair removal equipment
OEM & ODM Professional Design

Authentication

FDA,NQA13485,CB certification and more Complete certification materials

60000+ Customers

We have professional after sale team and we provide 7*24 services

2 Years Warranty

2 years warranty for each machine, All questions will get reponse within 24 hours

Strong R&D team

Our R&D team has more than 30 people. With years of scientific research and production experience, we provide technical support for continuously optimizing product production and improving product quality, and also provide customers with more intimate and more accurate product customization services.

01 3D design → 02 system development → 03 Raw material selection → 04 R&D of core components → 05 R & D testing

Advanced technical testing instruments

Power meter test

Laser energy test

More than 20 international certification certificates such as ISO、TUV、FDA, More than 20 product patent certificates.

Packing

safe and thouhgtful packaging seivice

Built-in prevention Collision bubble

Two-year warranty for machine handle as consumable, one-year warranty.

OEM&ODM service for distributor.

Tight packaging

Training: (Video+Manual+Online Service) Can Keep You Operate It Easily.

3-5 business days delivery

Professional guide:

24 Hours Professional online customer service,
